

PSC 2021 Outdoor Season Scholarship Request Form

As a not-for-profit all-volunteer organization, we strive to make the cost to participate in our soccer programs as minimal as possible; however, we understand during certain times any cost might be too great. In an effort to provide recreational soccer to all children we offer scholarship opportunities for those families who cannot afford the cost of our soccer programs. This scholarship can be for partial or full cost of the programs; however, if at all possible, we do request families pay \$18.00/player to cover insurance costs. In exchange for this opportunity we ask families to volunteer for the club a few hours. There are many volunteer opportunities within the club and we would greatly appreciate your help. Requests for scholarships are not made public and are kept within the PSC Board.
